

"Woman's Work is Never Done."

The constant care causes sleeplessness, loss of appetite, extreme nervousness, and that tired feeling. But a wonderful change comes when Hood's Sarsaparilla is taken. It gives pure, rich blood, good appetite, steady nerves.

Hood's Sarsaparilla
Never Disappoints

Thought Him an Intruder.

A railroad employee in the yards here sent his wife a note by a negro, Monday evening. The lad of color failed to find the right house and aroused and scared a number of ladies in the vicinity of the Cumberland Presbyterian church. The ladies concluded the fellow was a bold intruder, with no good intentions, so one of them sent three bullets from a revolver in the direction of the negro, who made tracks down the street at a lively rate.

After the escapade had been discussed some time, a telephone message informed one of the ladies that the negro had been sent down with a note and inquired if it had been delivered. She replied it had not. The fact is, it never has been, and it is probable that the negro ran so fast that the note was buried by coming in contact with the resistance of the air. —*States Index.*

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Marion, S. D., "Was taken with a bad cold which settled in my lungs, enough set in and finally terminated in Consumption. Your Doctor gave me up, saying I could live but a short time. I gave myself up to you, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, am saved and now a well and healthy woman." Total bottles free at P. H. Franklin's drug store. Regular size \$6 and \$1. Guaranteed or price refunded.

All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. Street Fair.

Here is the testimony of a Quincy business man as to the value of street fairs. In a letter to a Sedalia man he says:

"Our last year's street fair was a success although we started with a snow storm. We collected \$2,000, and in extra licenses about \$800; so we used about \$3,000. I paid \$40 towards it. This year we go it on a larger scale, and I started the subscription with \$75 and will have an expense of \$150 for building booths in front of our business place. My advice to you and all the merchants over there is to subscribe liberally. You will never regret it, as the street fair is the biggest drawing card in existence, and no doubt that you will find it so after it is over."
